[FACILITY NAME's] EMERGENCY NURSES RECOGNIZED FOR EARNING BOARD CERTIFICATION

[CITY, STATE] (Month Date, Year) – [FACILITY NAME] is pleased to recognize the [number of] nurses who have earned board certification in emergency nursing from the Board of Certification for Emergency Nursing (BCEN®). Board certification is the nursing profession's highest professional credential, and board certified emergency nurses are elite practitioners in their specialty.

Board certification is a rigorous process that validates a nurse possesses advanced knowledge, expertise and clinical judgment in their specialty. Nurses who earn and maintain board certification demonstrate the highest level of professionalism, a dedication to lifelong learning, and a commitment to excellence in patient care.

The following [FACILITY NAME] board certified emergency nurses are being recognized:

[List nurses' names, department, and which credential they earned]

[Insert quote from CNO or CEO focusing on the dedication and commitment to excellence of your nurses and the contributions board certified nurses make to patient care and the nursing profession.]

Nurses play a major role in the delivery of patient care, and research shows that board certification of nurses plays an important role in the assurance of high standards of care for patients and their loved ones. Board certification affirms nurses possess advanced specialty knowledge and expertise to meet the challenges of modern nursing. That is why [FACILITY NAME] encourages and supports board certification for its emergency nurses.
