

Dear

The work you do as a BCEN certified nurse is valued and appreciated. Board certification is meaningful — to your career, to your patients and to our organization.

We want to continue supporting you on your certified success journey. That's why we're making BCEN vouchers available for certified nurses approaching their recertification deadline.

The recertification process is simple and cost-free when you use a voucher. Please contact me to receive your voucher code, then complete the following steps:

1. Log into your BCEN account.
2. Click on "Recertify by CE Attestation."
3. Follow the prompts and use your voucher code at checkout.

Easy as 1-2-3!

If you have any questions about using vouchers for recertification, eligibility of credit hours, or want to know how to earn more CE, find the answers you need [here](#).

Best wishes on your continued journey to certified success!
