BCEN kicked off the new year with a new mission and vision highlighting the importance of BCEN-certified care for every emergency, trauma and transport patient and BCEN’s expanded commitment to lifelong learning. Our updated values include:

- Professional & Clinical Excellence
- Quality & Integrity
- Leadership
- Diversity & Inclusion
- Innovation
- Collaboration & Community

BCEN’s voucher program takes on a new look and provides more nurses than ever in the certification and recertification processes. BCEN continues to work closely with all organizations through the BCEN Voucher Program, while seeing a particular increase in critical care ground transport nurses. The CTRN celebrates 15 years and sees the largest percentage growth of all BCEN certifications with a notable increase in trauma and critical care among critical care ground transport nurses.

BCEN continues to work closely with all specialty organizations through the BCEN Voucher Program, while seeing a particular increase in critical care ground transport nurses. The CTRN celebrates 15 years and sees the largest percentage growth of all BCEN certifications with a notable increase in trauma and critical care among critical care ground transport nurses.

BCEN’s voucher program takes on a new look and supports more nurses than ever in the certification and recertification processes. BCEN continues to work closely with all organizations through the BCEN Voucher Program, while seeing a particular increase in flight paramedic outreach.

BCEN certified nurses led the way in clinical excellence, leadership, innovation and patient care during another extraordinarily challenging and difficult year. Extraordinary work by our 50,000 nurses: Your dedication is ever a beacon of hope inspiring confidence, and your compassion gives great comfort to every patient and family you touch.
